COLLEGE GUIDANCE

Career Choice SOVA Youth Expo 2018

In early October, PCHS 8th grade students will have the opportunity to attend the Career Choice SOVA Youth Expo 2018 to be held at the Olde Dominion Agricultural Center in Chatham, VA.

The expo will actively engage approximately 4,000 high school students to career choices in the VA communities of Danville and Martinsville and Halifax, Henry, Patrick and Pittsylvania Counties.

Career Choice will showcase existing job opportunities so that students will have an option to stay in the region, based on an informed career decision with a clear understanding on skills needed, education levels required and salaries they can expect.

Also, we are very excited to be offering the following new courses throughout this past year:

Agriculture

Small Animal Care I
Introduction to Plant Systems
Agricultural Production Management
Agricultural Fabrication & Emerging Technologies

Auto Technology

Auto Technology III

Business/Technology

Cybersecurity Fundamentals
Modeling and Simulation Technology

CHROMEBOOK REMINDERS

Student Responsibilities: The Chromebook is an important learning tool and is to be used for educational purposes only. In order to take the Chromebook home each day, you must be willing to accept the following responsibilities.

- When using the Chromebook at home, at school, and anywhere else I may take it, I will follow the policies of Patrick County Public Schools, particularly the Chromebook Student Handbook and the Acceptable Use Policy, and abide by all local, state, and federal laws.
- I will treat the Chromebook with care by not dropping it, getting it wet, leaving it in an automobile, leaving it outdoors, unsecured, or in a place where it may become damaged or stolen.
- I will not lend the Chromebook to anyone, not even my friends or family members. • I will not remove division-owned programs or files from the Chromebook.
- I will charge my Chromebook nightly so that it has a full charge at the start of school every day. • I understand that if I leave my Chromebook at home or do not charge it, I am still responsible for getting course work done as if I had my Chromebook present and charged.
- I will bring the Chromebook to school every day. If I leave my Chromebook at home for multiple consecutive days, I may be called upon to bring the device in to verify possession and condition of the Chromebook. • I agree that email (or any electronic communication) should be used only for appropriate, legitimate, and responsible communication.
- I will keep all accounts and passwords assigned to me secure and will not share them with anyone. • I will not attempt to repair the Chromebook. If it is not working properly, I will notify IT support staff, teachers, or administrators. A Chromebook needing repair should be brought to the library.
- I will bring the Chromebook to IT support staff if it needs repair. If it does need repair, the student's record will be checked, a loaner may be checked out if the student is eligible and a device is available. If it is determined that needed repair is due to intentional damage or neglect, the student will subsequently be informed.
