

PROFESSIONAL STAFF TIME SCHEDULES

The Patrick County School Board recognizes the need for establishing daily time schedules for all employees that provide for consistency throughout the school system. The School Board also recognizes the need for daily time schedules to allow for differences in responsibilities and requirements in the variety of positions held by school system employees

The superintendent shall be authorized to establish daily time schedules for all classifications of employees that shall be subject to School Board review. In setting such schedules, consideration must be given but not limited to evening and weekend responsibilities, wage and hour regulations, comparative schedules of employees in other school systems, and schedules established by other employers in the community that provide a generally accepted standard.
