October 1, 2009

Dear Parent:

This is the update on previous letters sent to you regarding the H1N1 flu. In our last letter we stated that there will be informational sessions held at each school on the upcoming vaccination program for the H1N1 flu virus. These sessions have been confirmed with the Health Department and will be as follows:

Oct. 19th – Meadows of Dan Elementary School
Oct. 20th – Blue Ridge Elementary School
Oct. 26th – Hardin Reynolds Memorial School
Oct. 27th – Patrick Springs Primary School
Oct. 28th – Patrick County High School
Oct. 29th – Stuart Elementary School
Nov. 2nd – Woolwine Elementary School

All sessions begin at 6:30 PM.

Please make every effort to attend these sessions, as a Health Department representative will be present to answer your questions. Also please make sure to complete the appropriate paperwork, should you decide to permit your child to receive the vaccination. Again we appreciate your patience and understanding as we work together on this issue. Thank you for your support!

Sincerely,

Roger N. Morris, Ed. D.
Division Superintendent
